1 Timothy 5:17

In Addition to the Above, there is a **Week of Concentrated Study** Each Semester (8-12 NOON - Tues. - Fri.) on Various Church Ministry Subjects of Study • Opportunities for **Mentorship in Area Churches**

*Some students may be transferring in other credits which sufficiently match up with our courses, and so they can access other of the above 52 courses of which 48 are required for an undergraduate Bachelor’s degree. Missions students take all the courses in green. Courses partially in black fit two categories.

Important Dates

October 11-13, 2022
Semi-Annual Fall Meeting
Faith Baptist Church, Canton, MI
Barry Bedwell, Pastor

November 1-4, 2022 (8:00-12 NOON)
Week of Concentrated Study - NBBS
"Church Revitalization!"

Favorite Sayings

"Riggsbyisms"

"Procrastination, the greatest thief of time and incentive there ever was." Cited by Dr. Terry Riggsby (*Administrator of NBBS – 1984-1999*).

Our Heritage Speaks

In reference to Darius and Daniel: "There were two things that could not be changed. The king's decree (Daniel 6:13) and Daniel's faith in prayer...[and] His faith subdued kingdoms, wrought righteousness, obtained promises, stopped the mouth of lions..." *Lectures On Daniel* by J. Frank Norris, pp. 101, 108

Alumni News!

One of our newest IBFI missionaries, 2021 NBBS graduate **Tyler Yates**, is well under way in his deputation. He has made three trips to his ultimate place of service, the Yucatan Peninsula, in Mexico, since late last year.

The Yucatán Peninsula was the central location of the Maya Civilization. A large percentage of the population is Mayan descendants of the original civilization that stretched from the peninsula into the Mexican State of Chiapas, Guatemala, Belize and parts of El Salvador and Honduras. The largest proportion of inhabitants though are Mexican people whose Spanish descent bloodline is mixed with that of the indigenous population.

Tyler Yates was a very good student at the Norris Bible Baptist Seminary. He was very teachable and well-liked by the student body. During his time in seminary he was mentored by his pastor, Javier Garza, serving primarily as the youth director, while also serving under him in various other capacities.

Tyler is spontaneous in his witness, relates well to others, and is bright, warm, and compassionate. He is a second generation missionary to Mexico. His parents have been independent Baptist missionaries there for many years. He has great potential and well worth your consideration of partnering with him in prayerful and financial support.

Our 39th School Year is Well Underway!

We are off to another great start. In fact, not only are the new students excited about school, the Lord, and the Bible, but we have started with a freshman class in number almost like what we were having before COVID. Numbers are only of value in relation to what they represent. In this case, of course, we are talking about men and women training for the ministry.

The Two Building Scenarios are Still Unfolding

Staying put and building next door by incorporating the existing conference center is very feasible. The relocation just down the road from us, is still developing and increasingly a very viable option via the research of the civil engineer, architect and builder. Consequently, the buyer of either half, or all of our property, is giving us the needed time for the seller of the potential property to now secure the preliminary plat.

One of NBBS's Greatest Blessings from God

Among the many great things God has done for the seminary through the years, would have be directing **Candy Frizzell** our way. She, as our secretary, greatly served the fellowship preachers and churches, faculty and students! Like Gary, the husband of Charlotte Wyler who preceded Candy, her husband Danny, came on board to help – even most every day of the week. For the past 6 1/2 years, they have contributed so much more than we could have every expected. The revitalization of the seminary, that began in late 2014, was off to a running start, when **Aquila & Priscilla anew joined in with us! It is not possible** to describe adequately what the Frizzells have meant to all concerned at NBBS. There is not an area of the school's resurgence they have not played a major part. They, by the grace of God, **far surpassed** what we could have hoped for when they came on board. Danny will be 70 years of age in November, yet has had the drive of a much younger man, and the "patience of Job." He not only has been our Business Manager, but also a project coordinator, remodeler, repairman, and more! We hired Candy, and got a bonus addition indeed! **Candy far exceeded her job description** and was as dependable, creative, resourceful and as hard working as a secretary could be! Her late father, a WW II veteran, and later a pastor, certainly instilled a love for the cause of Christ in his daughter. Danny mirrored the same! The greatest reciprocal blessing that could be given them, was imparted to them by God – the several versions of a student body every semester, which collectively over six years, totaled over 100 men and women training for the ministry. Students in whom they invested their time, energy, talents, and personal resources – **that love them** and appreciate them. What an investment in eternity the Frizzells indeed made via the IBFI/NBBS! They are moving back to Oklahoma now to be with their daughter, son-in-law, **and grandchildren!** We will officially express our appreciation to them at the May IBFI fellowship meeting. NBBS alumnus **Melissa Roa**, who earlier in the year became the IBFI secretary, will now also be the NBBS secretary.
